LifeSize is a pioneer and world leader in HD video collaboration. Designed to make video conferencing truly universal, our full range of open standards-based systems offer enterprise-class, IT-friendly technologies that enable genuine human interaction over any distance—anywhere, anytime, on any device.

With LifeSize, users can collaborate face to face from across the street or across the globe, from meeting rooms and conference centers to home offices or on the road—even across platforms and on more mobile devices than any other company. Only LifeSize offers the leading video solutions for mobility, streaming, infrastructure and cloud—all designed to be exceedingly simple to deploy, manage, use and support.
